Embedded & VLSI Training

Hands-On FPGA

Introduction to VLSI	Market Trends Applications of VLSI design Classification of IC technologies ASIC ,CPLD & FPGA EDA tools Types of VLSI design Techniques FPGA design
Hands-On	FPGA implementation of LED blinking FPGA implementation of BUZZER,RELAY and switches FPGA implementation of LCD ,GLCD module FPGA implementation of UART module FPGA implementation of ADC and DAC modules FPGA implementation using RF module, GSM module, ZIGBEE Module
	TASK DEVELOPMENT

Course Duration :

Eligibility :

Course Fee :

Batch Size :
